CLIFFORD B. CASEY PAPERS, 1882-1981
PHOTOGRAPH COLLECTION

The Clifford B. Casey Papers were originally donated to the West Texas Historical and Scientific Society by Dr. Clifford B. Casey in December of 1957. The Society transferred its historical collections to Sul Ross State University in 1968. A gift contract was signed by Dr. Casey with the Archives of the Big Bend on November 6, 1980.

In September of 1929, Casey accepted a position in the Department of History at Sul Ross State Teachers College in Alpine, Texas. In June of 1931 he was granted the degree of Doctor of Philosophy from the University of Texas. Casey was appointed Head of the Department of History and Economics at Sul Ross State Teachers College, and remained in that position until his retirement in August of 1962.

Dr. Casey wrote and published five books: Soldiers, Ranchers and Miners in the Big Bend; Mirages, Mysteries and Reality, Brewster County, Texas, The Big Bend of the Rio Grande; A Baker's Dozen, We Were Thirteen, The Casey's of Tuscola, Taylor County, Texas; Sul Ross State University, The Cultural Center of Trans-Pecos Texas; and Alpine, Texas Then and Now. The Texas State Historical Survey Committee presented Dr. Casey with an award in 1972 for the best publication of local or regional history for Mirages, Mysteries and Reality, Brewster County, Texas. The Big Bend of the Rio Grande.

Most of the photographs in the collection are photographs Dr. Casey collected to illustrate his University and regional histories. Many of them did appear in the books. Some of the photographs have been cataloged and can be located through the WebCat on-line library catalog by topic. The following inventory is a listing of the photographs which have not been cataloged. They are arranged by topic. In 2001, these photographs were removed from folders in cubic boxes 31 and 32 of the collection and arranged in seventeen albums as shown in this inventory. Some identifications were added and some changes in folder assignments were made. The folder numbers were retained (i.e. ALB 16 f.2022a — f. 2022e) although the f. no longer indicates a folder, but just a topic change within the album format.
